Visitation Today Will Attract 1200

Some 1200 high school seniors from 12 schools in Santa Clara County will take part in County High School Visitation Day today at SJS.

The program gets underway at 9:30 a.m. in Morris Dailey Auditorium with Dr. Charles R. Timpany, county superintendent of schools, presiding. Dr. C. Grant Burton, executive dean, and ASB Vice President Don Ryan will greet the visiting students.

Miss Viola Palmer, admissions officer, will explain admission requirements and procedures after which the film "A View From the Tower" will be shown.

Campus tours will be conducted beginning at 10:20 a.m. with the students visiting various departments at SJS. The tours will be conducted by students of the college who volunteered.

At 12:30 p.m. the students will have lunch on the lawn in front of the Women's Gym where they will be entertained by the song girls. Free cokes will be provided by the Student Council. The students will lunch beneath signs indicating their high schools so that interested visitors may stop to chat.

The afternoon session includes a lecture on housing, part-time employment, Orientation Week and Financial aid by Dr. Lowell Walter, chief counselor. Dean Stanley Benz will speak on "Inside San Jose State College" and Tom Burns will offer information on the Freshman Camp.

The ROTC program will be explained by members of the ROTC staff.

Deadline Nears For Badminton Tourney Entries

All students are invited to participate in the Seventh Annual All-College Badminton Tournament to be held May 7, 8 and 9 in the Men's and Women's Gyms. Sign-ups for the event must be made by April 30.

Entry blanks and general rules of the tournament may be obtained in Room 7 of the Women's Gym.

Trophies will be awarded winners in the five divisions, which include men's and women's singles, men's and women's doubles and mixed doubles. This is to be a single elimination tournament.

The tournament is being sponsored by Co-Rec, the Women's Athletic Assn. and the Leadership and Methods Class.

SJS Volume Tells History Of 'Pioneers'

One thousand copies of "Pioneers for One Hundred Years," a Centennial history of SJS by Dr. Benjamin F. Gilbert, associate professor of history, went on sale yesterday in the Student Bookstore at the established price of \$3.25 each.

The 243-page volume, complete with 24 additional pages of photographs, traces the origins of the present-day college from Minns' Evening Normal School in 1857, to the California State Normal School in 1862, the San Jose State Teachers College in 1920 and finally, to San Jose State College in 1935.

Dr. Gilbert carries the reader through the Normal School's Golden Years, 1873-1889, and through the "Precocious Nineties: Politicians, Pupils, and Pennants."

The administrations of the college's sixteenth president, Dr. T. W. MacQuarrie and Dr. John T. Wahlquist, who succeeded Dr. MacQuarrie in 1952, are each devoted a chapter in the bound history.

The series of photographs interspersed in the middle of the volume pictorially relate the history of SJS from the first housings of the State Normal School to the building of the new administration and classroom edifices now under construction.

New Concrete Walk Will Extend to 7th St.

The ditch in front of the Speech and Drama Building will soon be filled with six inches of concrete as workmen continue to landscape the area surrounding the new classroom and administration buildings.

The new walk, which also will qualify as a fire lane, will be 16 feet wide, and eventually will run from the library to Seventh Street. According to Executive Dean

Bill To Set Up New College Board Killed

A bill that would give the administrative control of state colleges to a special board appointed by the governor was killed Monday night in the Assembly Education Committee.

The group sent the measure, which was authored by Assemblyman Bruce Allen of Los Gatos, to an interim committee for two years of study.

SJS President John T. Wahlquist, along with members of the State Board of Education and other state college presidents, opposed the bill.

According to Allen, state college presidents are reluctant to speak in favor of his bill because the superintendent of public instruction has the power to appoint or dismiss them on a year-to-year basis.

Wahlquist could not be reached for comment yesterday.

The policy-making function for the state colleges is now vested in the Board of Education. Allen maintains that the board is not giving sufficient time and attention to the problems of the state colleges.

Allen's bill, if it had passed, would have set up a special nine-man board to govern the state colleges. Allen claims the state colleges need a single body to make their policy and that the present system "leads to unsound administration."

Council OK's Student Trips To Arizona

The Student Council yesterday accepted the resignation of John Sellers as senior justice in one of the shortest meetings on record.

In another major action, the Council approved an expenditure of \$407.50 to send three delegates to the Pacific Student Presidents Assn. conference in Scottsdale, Ariz.

Ray Freeman, president of the conference, Don Ryan, ASB Vice President and uncontested candidate for ASB President, and the new ASB Vice President to be elected in the April 30-May 1 election will be SJS delegates.

Pat Parish, secretary of the Assn., also will attend, and her expenses will be paid by the Assn.

In addition, the Council approved the appointment of Judy Johnson as secretary of the Homecoming Committee, Bud Travi as Homecoming Committee downtown merchants representative, and Don Facciano as Homecoming Queen Committee chairman.

The Rally Committee came before the Council for approval of \$300 to spend at the annual visitation day for high school students.

Another \$28 was allocated to the Rally group to cover a printing bill which was overdue because the Council froze the group's budget early this month.

Applications were opened for Student Court chief justice and ASB prosecuting attorney positions. Application deadline is next Wednesday at 2:30 p.m. in the Student Union.

'Y' Workshop Begins Tonight

The cook-out and campfire program, which begins the Student Y's annual Camp Counselor's Workshop, will be held tonight from 5:30-8:30 o'clock just west of the Women's Gym, instead of last night as was previously announced, according to Bev Ledwith, student chairman.

Students planning to attend tonight's program should wear informal camp clothes since they will be cooking over open fires, she said. Cooking and eating utensils will be provided by the Workshop.

After the supper, there will be a campfire program with singing and games.

Tonight's meeting will be the first of a series of five Workshop sessions. Subsequent sessions will be held from 7-8:30 p.m. on consecutive Thursdays for the next four weeks in Room 8 in the Women's Gym.

Art Department Holds First Lecture on Design

The first lecture in the series, "Design in America" is being presented this afternoon by the Art Department in cooperation with the Industrial Arts and Home Economics Departments, at 4:30 o'clock in Room 1 in the Art Wing.

Miss Hope Gladding, professor emerita of decorative art at the University of California, will deliver the first lecture, "Craftsmanship in Early America." She is a widely-recognized authority on the arts and crafts of Colonial America.

Miss Gladding will show slides from her personal collection to illustrate various phases of craftsmanship in Colonial America, including ship figureheads, whale ivory, embroidery, carved wood-work and furniture.

She organized courses at the University of California in furniture history, the history of interior decoration and the history of the decorative arts in America.

On May 9, Dr. Elliott Evans will speak on "Masterpieces of the Centennial Exhibition, 1876." On May 16, Bob Stockdale, a noted Berkeley artisan in wood, will speak. And on May 23 Joe Sine, an industrial designer, will conclude the series.

Professor Speaks Of 'Teens' on TV

Dr. George A. Muench, professor of psychology, will be guest expert on the T.V. series, "You and Your Teenager," which will be shown over station KNTV today at 4 p.m.

The program is the seventh in the series of 13 sponsored jointly by the San Jose Extension Division and the Sixth District PTA, and attempts to answer parent's questions on their teen-aged children's problems.

Students who wish to see the program are invited to watch it in the Audio-Visual Preview Room, Barracks 2. The moderator for the series is Dr. John M. MacRae, associate professor of psychology.

Play To Be Given On Station KEEN

"Maude Reigns," a one act play written and directed by Phill Upton, will be presented on KEEN tonight at 9 o'clock.

The plot concerns four poker-playing ex G.I.'s and an old Bostonian, puritanical aunt.

These ex-sailors, "according to Hoyle," are, naturally, right from the "bottom of the deck." They are "four of a kind," all "cards" and rather "wild," to be sure. But Maude "cuts" them and eventually "deals" with them quite nicely by using her "ace in the hole."

The "show-down" comes within a "hand" taken from the "game" of the same name. Yet even with the "cards stacked against her" she "raises" the roof when the "chips are down" and "flushes" the "bluffers" out of her too "full house."

Included in the cast are Nancy "Queenie" Rembert, Jim "Straight-flush" Dunn, Ivan "Chips" Paulsen, and Ken "Sandbag" Savickas.

Faculty Will See Demonstrations

The Audio Visual Center, under the direction of Tom Clemens, faculty service director of the center, is holding a meeting today for all faculty members in Room 55, Education Wing, at 3:30 p.m.

Demonstrations of how to make transparencies, the uses of the tape recorder and the use of land poloroid transparencies in the class room will be included in the half hour presentation.

ARCHERY ENTHUSIASTS—All girls interested in archery are invited to attend a WAA meeting at 2:30 o'clock this afternoon in Room 2 of the Women's Gym. Procedure for setting up equipment, safe shooting and other related topics will be discussed. Those unable to attend the meeting, but interested in joining WAA archery, should sign up on the bulletin board in the Women's Gym. The activity will be held on Tuesdays from 3:30-5 p.m. on the Women's Athletic Field.

Racial Discussion Set For Tonight

A sociology professor and an official of the National Assn. for the Advancement of Colored People (NAACP) will discuss racial differences and segregation problems tonight at 8 o'clock in the Concert Hall of the Music Building.

Dr. Herbert Blumer, chairman of the Sociology Institutions Department of the University of California, and Nathaniel S. Colley, lawyer and president of the NAACP Central Area Conference, will speak under the auspices of the Sociology and Social Work Department, sponsoring the event as its contribution to the Centennial symposium series.

Milton B. Rendahl, Sociology department chairman, will moderate.

Broker to Speak To Honor Group

C. J. List, licensed stock broker of E. F. Hutton and Co., will be guest speaker at the regular meeting of Alpha Eta Sigma, accountant's honorary society, when the group meets in the First Federal Savings and Loan Assn. Bldg., 50 N. 1st St., at 7:30 o'clock tonight.

Following List's talk on investments, the society will visit the offices of E. F. Hutton and Co., and will hear an explanation of the board.

'Masters' Deadline

Friday is the deadline for filing applications for the masters degree, according to Miss King, Graduate Office secretary.

Graduates expecting to receive the masters degree in June should file application in the Graduate Study Office, Room 108.

Jobs Available As Army, State Seek Students

Placement interviews for full-time and summer positions will be held tomorrow in the Placement Office, Room 100. Details and appointments can be obtained in that office.

Interviews to be held tomorrow are:

Department of the Army, Washington, D.C., from 9:30 a.m.-4:30 p.m. for women staff members for Army service clubs, libraries, craft shops and theater workshops in the Far East, Europe, Alaska, Hawaii and the United States. Minimum age: 23.

State of California, from 9:30 a.m.-4:30 p.m. for junior accountants.

Sequoia Area Girl Scout Council, Redwood City, from 1-4:30 p.m. for summer jobs.

Professor Wins 'Citizen' Award For Civic Service

Thomas Ryan, associate professor of music, was one of 10 San Jose citizens awarded the title of "Distinguished Citizen" for unselfish volunteer service in community projects during the past year.

Mayor Robert Doerr presented the awards at a luncheon meeting of the Exchange Club in the Hotel DeAnza this week. This is the eighth year that the awards have been presented as the first event in Civic Week.

AFROTC Detachment Faces Inspection Today

A team of four officers, headed by Col. Charles H. Wilkins of Kansas State University, will inspect the San Jose State AFROTC detachment today and tomorrow.

Col. Wilkins, a professor of air science, was appointed assistant inspector general for the annual inspection by AFROTC headquarters.

Lt. Col. Emery A. Cook, SJS professor of air science, and Maj. Forest G. Seiverson, commandant of cadets at SJS, will conduct the team through the daily activities of the campus cadet group which will include classroom observation and drill.

The campus detachment will be judged on effectiveness of the educational program, effectiveness of the leadership program, cadet motivation on campus, academic and Air Force activities, managerial abilities and administration of the detachment.

ISO Sells Tickets

Tickets are now on sale in Room 16 for Friday night's International Music and Dance Festival, to be presented by the International Students' Organization in Morris Dailey Auditorium.

Price is 50 cents for students, 25 cents for children.

ALL SET TO GO—The Guys Quartet, a smooth mixture of SJS talent, is hoping the three tunes they recently cut for Dot Records will become hit discs. The group is composed of (standing, left to right) Larry Rodrigues, Bob Russell, Bob Lillquist and (seated), Jim Paris and Nick Bell. The Guys Quartet was born in September and, since then, has performed in almost every high school and club in this area.

SEND 3 TUNES TO DOT

'Guys Quartet,' Local Singing Group, Hope To Hit Big-Time with Discs

By RANDIE E. POE

The road to you-know-where is lined with would-be recording stars who didn't cut it.

Nowhere is the competition so intense and piercing as in the wax business. Failure, you know, is just a thing called Joe. The Guys Quartet, a smooth mixture of San Jose State talent, is well aware of the uncertainties and vicissitudes of the business. But they are still eager to give the big-time a whirl.

A couple of weeks ago, the Guys recorded three tunes and sent the audition tape to Dot Records, the leading money maker among record companies last year. Now . . . comes the wait.

Bob Russell is the hub of the Guys' wheel. He has acted variously as arranger, conductor, pianist, and composer, etc., and has appeared with such lights as Tex Beneke and marriageable Sammy Kaye.

Complementing Russell with the arrangements is Larry Rodrigues, a foamy-voiced senior via Hawaii. Others in the group are Jim Paris, Bob Lillquist, and Nick Bell. All have had vast musical experience.

One of the tunes mailed to Dot was "Best Wishes," and after spending the better portion of one night listening to this disc, we think it has the flavor and flourish to become a hit . . . if it is given proper exposure. The "if" in this instance is a big one. Hundreds of potentially talented artists die premature deaths because their deliveries do not receive the essential exposure.

"Best Wishes" is a good example of the Guys' carefully grooved harmony. Backed by unique bong-a work, Russell croons the lead and receives excellent support from Rodrigues, Bell, Paris and Lillquist.

Society, Crime, Newsmen Make Film 'Designing Woman'

By JIM DRENNAN

"Designing Woman" is ninety minutes of cinematic cotton-candy turned out by M-G-M to inform the unsophisticated public of the ways of high society, organized crime and newspapermen.

The newspaperman in the case is Gregory Peck; high society is represented by Lauren Bacall, his fashion designer wife, and by Dolores Gray, musical comedy star and "the other woman;" and organized crime is represented by a group of assorted hoods out to throttle Peck in his campaign to expose "the boxing mess."

These unreal people move through an unreal plot, which begins when Peck awakens in his room in the Beverly Hills Hotel one sunny Southern California morning (the studio's wind machine had blown the smog away) with a king-sized, technicolor, Cinemascope hang-over, complete with sound effects that make every trickle of hot black coffee sound like Niagara Falls.

Out by the pool he is accosted by a slinky temptress (Miss Bacall) who fills him in on the details of the "Night Before," during which he had won \$1000 on a golfing bet and had gone out and

celebrated, giving \$700 of it to Miss Bacall — for helping him write the tournament coverage for his New York newspaper. Then, according to formula, Gregory and Lauren talk five minutes more, fall in love, and are married.

But Baby's starry eyes soon

Or how to "strike oil" twice in the same place

Some people believe that the more government has to say about business, the better.

"They argue, for instance, that the petroleum industry ought to be under more government control to keep America from running out of oil.

"What they forget is that it's just good business for oilmen to produce a property efficiently. We get more oil from a well when it is

operated at its best rate of flow. This is one of the ways of conserving this natural resource!

"Take Dominguez field in California. Union and another company discovered oil there back in 1923.

"By 1936 oil production reached a peak of almost 31,000 barrels a day. But by 1947 our daily rate had declined to about 15,000 barrels.

HARRY AGGERS: "IT'S JUST GOOD BUSINESS FOR US TO PRODUCE A FIELD EFFICIENTLY."

"To get the most out of the field, we started waterflooding some areas. In our most recent project—which was started with the cooperation of the landowners and the other companies operating the field—we injected more than 7,000,000 barrels of water into 17 wells. This has forced oil out of 21 producing wells.

"As a result, we are now pumping 2,800 barrels of crude every day from these wells—an increase of 2,200 barrels a day over what we'd normally expect without waterflooding.

"You show me how government control could have added one barrel of oil to our production. Or conserved the pool any better so we can recover more oil in the future with methods yet to be developed!"

Harry Aggers—who has been with Union Oil for 22 years—manages our secondary recovery operations.

He believes that by 1975, at least 25% of all United States oil production will be by waterflooding. This does not include secondary recovery by gas injection or by methods yet to be developed.

The Dominguez results demonstrate again how efficiently a free oil industry achieves maximum economic production from a field, while conserving the source of the oil.

PiKA Crushes ATO, 66-42 For 'Mural Hoop Crown

A tall gang of Pi Kappa Alpha cagers staged a tremendous second half point scoring spree to easily wallop Alpha Tau Omega, 66-42, to win the intra-mural basketball

crown in the Spartan Gym last night.

ATO, winners of 24 straight games over this season and last, held a 24-23 halftime lead, but their glaring lack of rebounding strength told the tale in the second half.

With Walt Dabel, 6-6, Dino Ruffoni, 6-5 and Glen Albaugh, 6-4, controlling the backboards for Pi KA as well as leading the offensive surge, the independent champs made a farce of it as they scored 43 points in the second half while holding the small hustling ATOs to but 18 counters.

Ruffoni led all scorers for the night by canning 16 points. Dabel hit 15 and Albaugh scored 12 points for the winners.

Shelley Deetrick and John Chrisco paced the losers with 14

and 13 points respectively.

ATO jumped to a 9-2 lead in the first quarter but the PiKAs quickly tied things up at 11 all when Steve Scott scored on a follow shot.

ATO kept things even from that point until the first half buzzer despite the fact the PiKAs were getting off almost three times as many shots.

After ATO held a brief 26-23 lead in the second half, the PiKAs finally unified their efforts and they were off to the races. Lee Megginson and Glen Albaugh steered the victors down the court on the fast break time after time for easy layups and eventually an easy victory.

Norton, Agostini Collide Tonight On Fresno Oval

By RANDIE E. POE

Local hopes for a successful track season will be put to what the chemistry kids call the acid test tonight on the fast Ratcliffe Stadium oval in Fresno.

Defending NCAA champ UCLA and Fresno State will furnish the two-pronged opposition at 7:30 p.m. The Bruins are a late addition to what is normally a SJS-FSC dual duel and it is not clear as yet whether the meet will be scored on three-way or dual basis.

The Spartans hold a shaky 12-11 edge over the Bulldogs, although Fresno bludgeoned Coach Bud Winter's underlings, 75½-55½, last season. It will be the locals' first showing against UCLA.

Ron Giardina will return to the Spartan lineup for his first strenuous activity of the year. He has been in drydock with a pulled leg muscle, but has looked especially sharp in practice this week. He'll provide added SJS punch in the 220.

If you've picniced in the park and caught glimpses of the deer, you should have a fair idea of what tonight's sprint race should be like. Rapid Ray Norton will attempt to increase his national reputation against Fresno's Mike Agostini in the century and furlong. Both aces have zipped :9.4 and :20.3 this season.

SJS's distance aces, Ken Napier and Wes Bond, skirmish with some of the nation's best talent in the mile and two mile, respectively.

Napier meets UCLA's Bobby Seaman and Fresno's Jack Wilcox, who only recently broke his school's four-lap record with a 4:10.7 effort. The Bruins also employ Seaman's little brother, Johnny, and Dick Rodriguez in this event. All have run faster than Napier.

Bond, the Spartan with the mule kick, faces UCLA's John Foreman and UCLA's Pete Rodriguez in the rugged two-mile.

Clint Redus will have high-power competition in the hurdles from baby-faced Ancel Robinson of Fresno and UCLA's Ken Thompson and Marv Luster. And it wouldn't surprise too many observers if Spartan Van Parish upsets the dope sheet in the 220-yard low sticks.

Polevaulter Chuck Hightower collides with two old rivals, FSC's Bob Brodt and Art Pederson. Each man has been over the 14-foot level.

UCLA showed conclusively this week that it has another national powerhouse by electrocuting Stanford, 84½-46½. The Bulldogs and Spartans realize, of course, that you do not fight battle ships with water guns. Thus, the major duel will feature SJS and FSC.

Hal Kolstad Leads Spartan Pitchers

Hal Kolstad, who was touched for his first loss of the season on Tuesday against Sacramento State, retained his wide lead as San Jose's winningest pitcher with

a 6-1 mark, according to statistics released by Danny Hill, Spartan athletic publicist.

Percentage wise, Larry Peterson with a 2-0 record, leads the local mound staff.

Ron Roe, a winner in two of his three decisions this season, owns the lowest earned run average on the club, having allowed an average of 2.27 runs for each nine inning stint.

On the whole the Spartan mound staff has turned in a top drawer job with a combined earned run average of 2.97. Meanwhile the locals have been scoring an average of 4.23 earned runs per game against opposition hurling.
